Vendor Comments	This is a regretful sale to make room for an expanding xbred enterprise. These ewes have been the best mothers we have ever had and their milk supply is the envy of the dairy industry

Joining Details	Not Station Mated
Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	A proven line of quality white dorpers - these ewes have been bred from Dell dorper bloodlines and are part of a flock dispersal for the vendor. Made up of 80% white tags (2017), 10% black (all mouthed) and 10% green/orange tags, these ewes have not been rejoined. A solid line of fast growing lambs were weaned in early August this year and the mum's are in rising condition almost ready to be rejoined after a wet and cold winter. These ewes are good shedders and will do well in any environment.
