		Medium	20%

Assessor Comments	Seconds of the 1yr Bare shorn Stud Park Blood Banool wethers, Spring & Autumn 2020 Drop that would be ideal to take on through the spring and into the Autumn to cut a valuable Fine wool Fleece (16 to 17 mic) and have a well grown young woolcutting wether to sell or take on long term as woolcutters. Mostly lm teeth with about (15%) 2 tooth. Banool had a tough Autumn and these wethers still cut 70mm at 8 mths of 16.2 mic wool. Just 2 weeks off shears but starting to power ahead with sunshine and quality feed. Good framey wethers to put weight on. 8% Tail drafted off Approx 30% Horned
