| Assessor Comments | A line of young wool producing wethers that are bred from a flock that has been established to be a diverse fiber and meat production unit. These young wethers present in strong store condition and are well grown for age with ample bone and stature. From a medium woolled Merino flock capable of filling bales. The annual sell off of young wethers with this group of 440 representing a run out the gate from a group of 2,860 of the second line. Sired by Poll Merino and Merino Rams with approximately 50% carrying soft wether horns. #Please note the vendor has 4,630 on offer in this sale over 8 lines which presents prospective purchasers with an opportunity to source lines of productive wool growers that have the potential to mature into large framed big bodied sheep. |
