Assessor Comments	A very good line of Aussie White ewe lambs out of a properly run program that has been selecting for carcase merit and shedding over many years. This is the second line of the drop, with a big tail taken off. Vendor's have been breeding shedding sheep since 1998, starting with Wiltipolls then onto Dorpers and have been buying Aussie Whites for 7 years. They are consistently achieving 48 - 50% dressing percentages and the fertility of this flock is simply outstanding. All lambs weighed at assessment, ranging from 37 - 44kg. These girls are in great condition and would make an ideal start into the breed. Photos of the ewe flock available upon request. Tops in this sale also.
