| Assessor Comments         | The top 220 crossbred lambs of 580 being offered in todays sale ave ,48.6 kg. These lambs have plenty of stretch and frame and would be ideal to shear ( big 68 ml ave skin) then fatten for export markets. They are bred out of good frame Riverina bred ewes by stud Tulagi Rams. Odd lamb with weeping eye.                                                                              |            |          |
