Generally excellent steers to handle, majority came through pound draft and over scales sensibly. Genuinely quiet and well educated steers that are a pleasure to handle. small percentage turned around in the race, or pushed up the race and into the weighbox. all exited the scales calmly and settled quickly after assessment.

Assessor Comments	4 decks of Very good quality weaner steers from the highly regarded lazy A Droughtmasters commercial herd. 100% reds and honeys, Good bone and frame throughout the mob with plenty of room to hang Kilos on. Proven performance on grass & grain with numerous repeat buyers attesting to the performance of these steers. genuine quality steers that have a fantastic reputation in the market place. Good temperament and years of breeding in these steers will ensure they continue to grow into premium quality feeders, heavy feeders and bullocks. Vendor bred, HGP FREE, and ready to fire ahead with all the hard work done! Have peace of mind that these steers will perform & continue to give buyers marketing options from now right through to Bullocks. Predominately in a tight weight range with 62% between 180kg and 240kg. 18% 151kg-179kg and 20% 241kg to 301kg. Odd steer in the mob showing what looks to be some ringworm scarring and approx 15 have been on molasses and are rougher in the coat.
