Chemical Residue	Nil.
Eligibilities	Russian Eligible Saudi Eligible
J-BAS Score	6
Vendor Comments	Annual turn off of weaner steers before approaching summer. Small amount of hay in yards overnight prior to assessment.

Frame Quality Grades Store Condition

Large	10%	Good	95%	Store	100%
Medium	80%	Fair	5%		
Small	10%				

Temperament

Yards	Crush	Paddock
Quiet: 110 head Slightly Stirry: 14 head	Quiet: 93 head Slightly Stirry: 31 head	Temperament not assessed in Paddock

Weaners were predominately well behaved in the greater yard areas. A few more were agitated and moved quickly onto the crush but as video shows the training by management reflects a mob that respond to handling and movements.

Handled With Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , On foot

Assessor Comments A healthy cohort of station bred weaner steers in good store condition with some winter coat still being worn. These steer's are in an ideal window to take on as backgrounders to manage to the next level. Eligibility for 1000 Guineas Program comes with this line. Cattle showing good Shorthorn breeding traits of bone, conformation and body length. Two head with slightly blue eyes and one with near eye pink eye. This weaner was treated with Orbinin at assessment. If no improvement at delivery it will be removed. Approximately 8 steers had rings applied at assessment. No SSC was evident with these animals. Two head showing dried wart scars. The assessed weight on these weaners is for Loading - not Arrival.

Assessor **Jeff Garland (Level 2 Accredited)**

Delivery Period 18/10/2021 to 21/10/2021 (4 days)

Delivery Point 55 km North West of Hungerford on Thargomindah Road.
