Assessor Comments A very well bred line of angus heifers purchased from the well known Funny Hill herd @ Binda NSW, these heifers are still in their winter clothes and should bound ahead if shown some warmer weather and feed, originally purchased to join however due to a change in direction these heifers are being sold to give the buyer every opportunity to join in the traditional October start date. These heifer's have a wealth of breeding behind them and should complement any breeding program. Odd heifer with a slight blue eye not detrimental and some with a small vaccination lump. Please note Vendor has another 2 lines of one mark heifers being a 25 & 23 . Some heifers are showing signs of ring worm.
