| Assessor Comments | A very well bred line of angus heifers purchased from the Stackman Family, these heifers are still in their winter clothes and should bound ahead if shown some warmer weather and feed, originally purchased to join however due to a change in direction these heifers are being sold to give the buyer every opportunity to join in the traditional October start date. Odd heifer with a slight blue eye not detrimental and some with a small vaccination lump. Please note Vendor has another 2 lines of one mark heifers being a 80 & 25. Some heifers are showing signs of ring worm. |
