Initially a little bit stirry in the yards, but didn't get a cool off after mustering before being weighed and assessed. Handled and drafted easily & quietly by a single handler down the back yards. Led up the race and stood on the scales fine. Not to pleased about being caught and mouthed, but settled once back in the mob. Considered very easy to handle by an stockman experienced with Northern bred cattle

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	In good fresh condition and on the do, all coming back in this time with a healthy glow on their coats and having picked up a fat score. All mouthed up. Good young baby bullocks with a bit of shape that will continue to go forward whether put on grass or introduced to a feed ration. Please see photos and video's for full contentment.
