Assessor Comments	Angus cross EU angus steers, right in the slot, and ideal condition for feeders. Have grown out nicely over winter and are really on the do now and cleaning up in the coat. They have been vaccinated with Bovillis MH + IBR on the 25/9 so are ready to go for the second dose upon induction. These steers were bred in Western Victoria and were purchased out of the blue ribbon weaner sales in January. 1 noted to have a small amount of scarring in one eye only. Please note the extended delivery period given to suit your induction schedule. If this needed to be varied happy to work around a delivery time. Also 75 EU Angus steers being offered by this same vendor in the same sale and conditions.
