Assessor Comments	37 excellent quality weaned Angus steers, aged 9-11 months. By Kenny's Creek sires, out of large framed Kenny's Creek and Pathfinder bloodline cows. Settled, weaned steers on the do, shedding their winter coat. Steers are showing all the attributes of above mentioned bloodlines and genetics with softness, length and depth of body, and spring of rib. Ideal young steers that, given the correct management and feed requirements, will continue to develop into feeder specs and/or trade or export specifications.
