Assessor Comments	Six vendor bred EU Angus first calvers and calves. The heifers are light in condition and will jump ahead given good nutrition. They should grow into nice cows and are only on the market as they are later calvers and do not fit in with vendors breeding programe. The heifers are vendor Bred heifers that are "Eligible" EU this means they are on EU PIC and their progeny will be EU. They could not be killed as EU cattle. The calves are fully EU eligible. One of the heifers has non active older pink eye in one eye and has had a small amount in other eye but vision is ok
