Assessor Comments	Well bred Angus heifers PTIC to Angus bulls. These heifers are well grown and true to type. They are PTIC to high indexing Angus Bulls (pedigrees in media). They have been run as a large mob which had the bulls put in on the 25th of May, heifers were then scanned on the 19th of August (when the bulls were removed), all heifers in this mob were NDP at that time. They were then re-tested on 7th of October and found to be PTIC < 90days. Please refer to pregnancy test certificate. Vendor has 2 other lots in this sale
