Assessor Comments	A very quite line of PTIC Heifers ready to be calved out grown out and re joined to the bull of your choice. These Heifers were purchased from Murgon Queensland and brought back to be grown out and joined. A good line to be added to your already existing numbers or a good lot for someone to start off in cattle. being 16/22 months old these heifers have many years of good breeding ahead of them and will not disappoint.
