Assessor Comments	A great line of prime condition PTIC Angus Females. Presenting to you in condition that aligns with the season. Young cows that are easy to handle in the yards and have served as great mothers in the vendors herd, with plenty of milk each year when raising a calf. PTIC to Hicks Composite Bulls, with the cows carrying predominantly Rennyalea bloodlines. Ticking all the boxes being vendor bred & 2-4 months PTIC, tested by Holbrook Vet Centre. One cow noted to have old pink eye scarring that is non-detrimental (pictured for reference).
