Assessor Comments	"Herd Dispersal" 15 X 15 Angus Heifers and Calves. The Heifers are August/September 2019 drop, and sired by Leawood and Harris Farms Angus bulls. They have got August/September drop calves at foot that are sired by the stud Angus bull Dunoon M963. These heifers and calves are quality outfits that have been running in steep hill country in South Gippsland, while the vendor has only selected to use top genetics in his breeding operation. The temperament of these cattle are a credit to the vendor, they are well educated and have been running behind a single wire electric fence. This is stage one of a herd dispersal and are only being sold due to a business opportunity. There is also another 13 X 13 heifers and calves being offered in the same sale from the same property. Red Angus cow and calf can be left out at purchases request.
