Assessor Comments	A very nice quality line of Murray Grey cows 557kg with Angus cross calves at foot. These cows at 7-8 years old are in their prime and present in good strong forward/fresh condition and extremely quiet to handle. They were purchased in as PTIC and have calved with ease and now doing a tremendous job rearing a calf. These cows show good frame, bone density and muscle and carry plenty of weight, they are very sound in the feet and udders and will go on to produce more calves if given the opportunity.
