Assessor Comments	92 March/April 2021 Merino/Border Leicester ewe lambs, Rhylen bred, 42.6 kgs live weight, August shorn, unmulesed, Extinosad off shears. A quality line of young ewe lambs that will grow into top quality breeders for the future. Bred out of large framed Alma blood merino ewes by Nelleona blood Border Leicester rams, these sheep will continue to grow into long, deep bodied ewes with plenty of bone. Ewes are August shorn, treated with extinosad off shears and given a Eweguard vaccination. Some ewes carry very light Bathurst Burr on head and/or flanks. An excellent opportunity to purchase a small line of 1st cross ewes with top breeding behind them. Ideal sheep that will grow and mature quickly on quality feed, ready for a late summer joining.
