Vendor Comments	Nice line of second x lambs		
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.		
Assessor Comments	An excellent draft of 525 mixed sex 2nd x lambs bred out of large framed SA bred first x Ewes by Depta Grove blood WS Rams. They were weaned at assessment and put back onto very good feed. They have had the tail removed leaving the remaining lambs weighing between 32 - 49 kg full. They are extremely well bred and will turn into very heavy lambs if given the right feed.
