Assessor Comments	Good line of Banavie blood wether lambs August/September 2020 drop, June shorn. Plain bodied weaners in strong store condition. Out of big frame ewes that cut 7 - 8 kgs of wool, from a well classed flock, so ideal lambs to take on and grow out into heavy wool cutting wethers. OJD approved vaccinates, drenched and backlined at shearing, grain trained and ready to go on to be productive wool cutters. Tops of the drop were sold to the trade two weeks ago and there has been a tail of 10% removed from this lot prior to assessment. Note 1 wether with heavy colour in wool on wither at assessment.
