Assessor Comments	A very good line of White Suffolk ewe lambs out of big frame, plain body Leachim ewes. These ewe lambs have been tailstripped for ease of management later in life. A small percentage of these lambs have started to dry off in the wool but they are still carry a reasonable amount of freshness. They have all the ability and breeding behind them to grow into some very large ewes that would make great mothers.A small tail has been removed. Please note vendor has wether lambs in this same sale.
