Assessor Comments	A very good line of White Suffolk lambs out of big frame, plain body Leachim ewes. A small percentage of these lambs have started to dry off in the wool but they are still carry a reasonable amount of freshness. They have all the ability and breeding behind them to grow into some very large export weight lambs, there are about 15 ewe lambs in this line. A small tail has been removed. Please note vendor has 1st cross ewe lambs in this same sale.
