Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.		
Assessor Comments	Great line of Xbred lambs bred in the hills north of Wilmington. Have been weaned and started on Vetch and ready to jump ahead and put on the extra kilos. These lambs are usually kept and sold at 26kg plus carcase weight but the season has dictated the sale as restockers. Buyers can buy with complete confidence. We can arrange for the lambs to be shorn prior to delivery. Some stain on the lambs backside so Vendor is pocket crutching prior to trucking.
