Assessor Comments	55 Australian White ewe Lambs 2021 drop and weaned. Av 34kg Lwt at 6mths of age. Bred out of station bred ewes and a Ram originating from Tattykeel 8+ yrs ago. Present in forward store condition with lambs pelt starting to lift and hair growing. Ewes will grow on to be great maternal fertile mothers producing lambs to suit export or domestic markets with ease. Station ewes are on an 8mths joining cycle with great lambing and weaning rates. Well bred young ewes that represent an opportunity to get into Australian Whites.
