Assessor Comments	Quality classed NSM Merino Ewes 26-27 months. Flock dispersal of the top quality "Moonbah" Ewes - property sold. Large frame, long bodied excellent young ewes from an award winning flock, marked 113% lambs. Highly respected for frame, fertility and easy combing soft medium wools. Rare opportunity to purchase classed breeder of this caliber for ongoing Merino production or for X breeding opportunities. 4 age groups same sale. NB Ewes Market crutched after photo prior to delivery. Michael Emms - classers comments- "I have classed the Moonbah flock for the past 20 years. The sheep are of the highest standard having won the Don Brown ewe competition twice and runner up in 2021. A lot of effort and persistence has been put into raising the bar when it comes to fertility. The "Moonbah" flock is a top commercial performer when it comes to fibre and fertility.
