Assessor Comments	Line of Isis River blood Composite maiden ewes with 110% marked Rene Charollais lambs at foot 2-9 weeks. Ewes are showing good milking ability and are doing a very nice job on their Charollais x lambs, with lambs displaying plenty of shape and averaging 21kg at assessment. Early lambs were marked 14th September with any later lambs marked 30th September and vaccinated at these times. These young ewes given the opportunity will produce high quality suckers and will continue to produce for many years to come.
