	C (61-65cm)	5%				
Assessor Comments	Well Bred Ewe Weaners, Gibbs Family have been breeding Merino sheep for over 20 years. Purchasing quality genetics from Roseville Park and in recent years introducing Mumblebone to the flock. These young ewes are bred from large framed ewes which produce quality heavy weighted fleece. Large percentage are still carrying their lambs teeth. These young Ewes are July/Aug 2020 drop, Med to large frame and ready for the ram of choice. Ewes showed signs of soft feet due to the wet season, in my opinion once season dries up and hardens the feet will too. 10 ewes had small horn. Ewes have been Freeze Branded (Steined) are are from ZQ/RWS accredited property.
