Assessor Comments	These ewes are on the do. at assessment these ewes had been in and out of the shearing shed for 3 days prior to them been assessed waiting to be crutched. The true protentional in these ewes will only improve daily as they are running on good feed. Very good dual purpose ewe for both wool and meat traits. Surplus to requirements these ewes would suit any purchaser. Highly recommend to any merino or xb flock. Vendor also has a line of 1 1/2 year old ewes in this sale.
