Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	Good line of ewe lambs that would make an excellent start into shedding sheep. Vendors' have been breeding dorpers since 2004 and the mature flock is fully shedding. A recent blend of Aussie White genetics has enhanced the flock. This is a complete drop of the ewe lambs, they are well weaned and present in a forward store condition.
