Assessor Comments	A very good line of quality breeding merino ewes showing very good length, stretch and frame. These ewes are breed for both their wool are meat traits. At shearing this year the length was over 130 mm and showing very good stylish clean bright wool. These ewes are only been sold as they are surplus to the vendors requirements. The vendor will also have a small line of purple tags (1 1/2 year) in this sale. I can highly recommend these ewes to any purchases as they have always performed exceptionally well for the vendor. The only trouble its its only a small line but purchaser will not be un happy with the quality of these ewes. Purchaser can buy will confidence.
