Assessor Comments	A very nice line of pure white dorper ewe lms, The Borlase family have been breeding white dorper since 1998. Red Rock, Melashdan & Salt Bush sires are used in the breeding program. Vendor spends \$1800/\$4000 on Rams annually. A great deal of pride has been taken to get the Borlase Families flock to where it is today, with a lot of time and effort has gone into the overall structure, fertility and constitution of there flock.. Rams purchased are now Twinning Sires only. Lambing percentage are consistently over 145%...A small tail removed from the bottom of the line.. Can Recommend these young ewes... This line were all weighed through the auto drafter
