Assessor Comments	Buyers here is a genuine article of very good young future breeders what are PTIC to low birth weight Angus Bulls. Vendor has been purchasing the better end of good quality Heifers to rebuild their breeding herd and has decided to sell due to market conditions. These Heifers show the the potential to grow into a front paddock breeding article. The Heifers would suit someone looking to restock a breeding article with a high class line of Heifers. Please note same vendor same sale has numerous lots of PTIC Heifers available.
