Assessor Comments	Buyers here is a great opportunity to secure a line of PTIC Heifers what are on the point of calving. This is a great opportunity for a restocker looking to take advantage to buy a line of Heifers of this calibre. These Heifers are PTIC to LBW Lawson Angus Bulls and look to be showing signs of starting to soften up around their udder. The tail was removed out of these Heifers prior to joining and classed on types and structure and temperament. This is a great opportunity for someone looking to purchase a line of young breeders with the rest of their lives in front of them. Please note out of total Heifers in this draft (91hd) at delivery they will be drafted out the gate into 2 even lines consisting in 1 lot of 45hd and 1 lot of 46hd to the best of our abilities. Please note same vendor same sale has numerous lots of PTIC Heifers available.
