Assessor Comments	A line of young Composite Breeders on their first calf. All frame, no weight, but are in strong store condition with fresh sappy calves at foot, that averaged 78kgs at assessment. Calves are by Five Star Angus Bulls and heifers have only been back to these Bulls for 8 days. (Note, one calf has a lump on the jaw.) These females are all one mark, originating out of the Moonie District last year, and sired by quality Droughtmaster, Santa and Red Angus Bulls. Great opportunity , given present seasonal conditions, to really do a job on these young breeders and progeny. N.B. 2 other lots, off this property, in the same sale. Very good to handle in the paddock, as a herd.
