Assessor Comments	A line of young Composite Breeders on their first calf. All frame, no weight, but are in strong store condition with fresh sappy calves at foot, that averaged 73kgs at assessment. Calves are by Five Star Angus Bulls and heifers have only been back to these Bulls for 8 days. These females are all one mark, originating out of the Moonie District last year, and were part of a line of 86 head. Heifers are mainly by Graneta Limousin Bulls out of Red Angus / Droughtmaster X Cows. Great opportunity , given present seasonal conditions, to really do a job on these young breeders and progeny. N.B. 2 other lots, off this property, in the same sale. Very good to handle in the paddock as a herd.
