Assessor Comments	Good line of young Black Baldy females with their first calf at foot. Generally medium in frame , not rejoined, and with a very even drop of calves at foot. Calves are over a 6 week joining , averaged 89kgs , in fresh condition, and are by Stud Kenny's Creek Angus Bulls. These heifers are showing good milking ability, and doing an excellent job in rearing their calves. N.B. 2 other lots off this property in the same sale. Ideal small line of heifers and calves to grow out as a future breeding herd.
