Assessor Comments	A good line of majority Angus cows PTIC to their second calf to calve between the next 2-7 months. Cows that calve in the first 2 months will be to the Millah Murrah blood Angus bull and the following 3 months will be to the same bull and also a Speckle Park bull. Cows are well bred with majority Lawson, Booroomooka and RennyLea blood. They present in forward to prime condition with 2 cows with blue scaring in one eye and 1 cow in both eyes but not considered detrimental. 1 cow has white on udder. Vendor will offer a line of 3 other cows in the same sale. A great opportunity to secure a well bred line of young cows.
