	A very well handled line of heifers and calves, they were a pleasure to handle through the yards.

Assessor Comments	A great opportunity to purchase some quality central tablelands heifers with calves at foot. These cattle will generate some quick cash flow or help rebuild your herd. These heifers are unjoined and ready to join back to the bull of your choice. They are milking well and are improving in body weight and condition every day. They were a great mob of cattle to handle. Calves are by stud Campse Glen angus bulls. 2 blue eyes in the cows, not considered detrimental. All the hard work has been done, they are calved down ready to go into production. One heifer has a white birth mark on the neck. Refer photos.
