Assessor Comments	This even, medium framed mob of well bred Angus heifers are well handled and doing a great job on their calves. The heifers should be ready to join to the bull again for the successful buyer. With a good pedigree, these heifers should go on to be good cows for many years. The heifers all calved unassisted. At assessment, three heifers were seen to have a little white on the udder but not on the underline, one had some white in it's brush.
