Assessor Comments	A/c Riverbend Beef Wirlinga NSW formally know as A/c Kensal Green Beef offer 11x11 top quality Angus/Shorthorn x cows & calves. Cows are 7 - 8 years old with Angus C.A.F 2-10 weeks old by a Jarabee Angus bull and are not rejoined. These matrons still have plenty of life left in them and display excellent structure & maternal traits. I would describe cows as large frame presenting in prime condition with a weight range at assessment of 767-872kgs to av: 767kgs curfewed. The Vendors herd has always been culled hard over the years for temperament, fertility & structure with a high emphasis also placed on buying bulls with positive calving ease & above average 200 & 400 day growth EBV's. Please note 2 cows were observed with slight old pink eye scarring in 1 eye only. Also note the Angus/Hereford x (B/B) cow offered was the heaviest in the draft weighing 872kgs full at assessment.
