	Docile: 8 head	Docile: 8 head	Temperament not assessed in
	Quiet: 10 head	Quiet: 10 head	Paddock
	Slightly Stirry: 2 head	Slightly Stirry: 2 head	
	Heifers that can not be faulted on their temperament. Easy to handle through the whole assessment.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	20 PTIC Angus Heifers joined to top marbling Wagyu bulls. Bull sires are included in the assessment & are highly sought after genetics in the lucrative F1 market. Bull EBVs YALFQ048 & YALFQ031. They were chosen as a line in a neat 4 week joining period for ease of calving & to reduce the stress of checking heifers over a long period of time (the majority said to be due to calve in the first 3 weeks). This line of heifers are out of Glenruben blood cows that are proven excellent breeders, with these heifers looking to continue on their breeding success. Overall, a great opportunity to purchase a quality line of quiet, good framed heifers joined specifically for the F1 market. They will not disappoint.
