Assessor Comments	Offering 1x1 Angus heifer and calf. This heifer is being offered due to being spring calver as the vendors concentrate on autumn calving. This heifer is one of the top of the drop that the vendors retained for themselves. This heifer had a dead

calf and is rearing a foster Angus Friesian steer calf that is very sappy. This heifer was given the opportunity for the autumn calving but the bull broke down, they decided they were too good to be killed so they joined to another bull for the spring. The vendors have been breeding exceptional Angus cattle for the past 20 years and travel the land to source the right genetics.
