Assessor Comments	9 NSM Angus Friesian cows with Limousin calves at foot . These 3rd calving cows are an excellent addition to any vealer producer. Coming through spring, the calves can only work on their great shape with the assistance of their mothers substantial quantity of milk. All cows show a great maternal instinct. Calves have an excellent opportunity to become vealers coming into a very good spring and shape should not be a problem with the calves grand sire being Sion PO very nice Limousin stud bull.
