Assessor Comments	Good line of Steers purchased as light weaners and have performed well given current favorable seasonal conditions. Steers that have all health treatments up to date are on the do and ready to go forward. Given good feed steers should perform well. Steers are benefiting from a rotational grazing program at the Gilgai property. Please note approx. 15 head dehorned on 1/8/2021, not deemed detrimental. odd steer with blue eye. Delivery will be run out of gate from mob of 74 head
