Handled With	Dogs , Horses , On foot , Vehicles		
Assessor Comments	A nice line of EU Speckle Park /Angus X steer yearlings. 73 head in a tight range of 360 -408 kg . A line of steer calves showing plenty of stretch and quality expected from an outstanding herd. Note that a further tail has been removed. Considered these easy to handle with loads of potential. 2 head in the mob are showing an old eye scar but not considered detrimental. 4 showing old ringworm scars. All are showing a rubbed winter coat but after both drench , vaccine and multimin they look primed to perform quickly on good feed and warmer weather.
