Assessor Comments	On offer are a line of 59 Droughtmaster X weaned Heifers that are 9-11 months of age & average a full weight of 285kg. These Heifers are good feedlot cattle which have great frame to work with and will bounce away on good feed. Heifers with potential that will grow out and meet export markets in the future. Heifers could be used as breeders in future also as there are some nice shapes throughout the line. Great opportunity to purchase some nice heifers to take on. BUY WITH CONFIDENCE
