	Heifers were very easy to handle through the yards, approximately 10 being in the stirry range but nothing too hard to handle for experienced stockmen. These cattle settle very well with regular handling.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	A line of quality bred Bongongo Angus blood heifers that have been bred by a vendor that spares no expense in breeding and producing only the best progeny. With over 15 years of breeding along some of the highest indexing Bongongo bloodlines this is a line of heifers that would fit into any breeding operation or a fantastic opportunity to procure some very reputable bloodlines to make a trade with. The heifers on offer did have a slight bit of spark in their step when ran in hot for assessing but were easy to handle for experienced stockmen and after personal experience with the cattle I believe will settle with handling. These heifers are only on offer due to being surplus to requirements, this vendor has never offered the opportunity to purchase his progeny before and they come with the highest of recommendations.
