Ave full wgt at Assessment: 285kg (224 -343kg) Cows were Purchased PTIC from Team Te Mania Member RP Kuhn in Spring 2020 . Note: Vendor is selling complete drop of both steer & Heifers Calves. All calves will be pulled off Cows at delivery. (They are excellent temperment) Note: 2 Steers still have 1 stone that Vendors were unable to get at marking .(See Last few photos of these 2 hd of steers) The Range in weights is due to the 8 week spread at calving . The 3 Lightest weights are just younger calves Calves with excellent genetics (See Sire Links) . These calves have come through a typical cold harsh ACT winter & will respond well on Quality Spring Feed . One steer with some white forward of the purse to pizzle.
