| Assessor Comments  | An excellent opportunity to purchase a line of outstanding weaner heifers. These heifers show excellent frame and type and would be an asset to any breeding program. They will mature into very large frame cows and make excellent matrons. (Please see "links" to view photos and assessment of their mothers)These cattle were purchased via Auctionsplus and the assessor commented "Boasting years of Newcomen & Mawarra genetics. No expense is spared when selecting Bulls with desired traits, often purchasing the highest priced Bull. The vendor repeatedly produced sale topping weaners, with the steers often being purchased by in-house bullock fatteners. These cattle come with the agents highest recommendation." An excellent line of heifers not to be missed. NB: The vendor has dehorned cattle but regrowth is evident see photos. |
